[Pearson's A-Level Business](#)

Progression and Career Opportunities:

A knowledge of business can be useful in many jobs including roles within the administrative and clerical job family, accountancy, banking and finance, and retail sales and customer services. It will also be useful if you are thinking about setting up your own business or being self-employed in the future. It will also give you a head start for those students who want to continue into higher education and sit degrees in Business, Economics, Accountancy and Finance.
